

2023/2024 Professional Development Training

PLD provides an Australian, evidence-based approach to Structured Synthetic Phonics (SSP) for primary school educators. Aligned with the Science of Reading and supported by current research, PLD's SSP approach extends from Junior Primary to Upper Primary, facilitating a whole school approach. PLD's training events are suitable for all educators including teachers, assistant teachers, school leaders and literacy specialists.

PLD offers 3 types of training: In-person seminars, online seminars and online courses. Each offering covers similar content which includes the PLD implementation process, but the medium of delivery differs, so choose whichever option will best meet your needs.
